ST. ALBANS, VT.

TUESDAY SEPTEMBER 29, 1868.

FOR PRESIDENT,

ULYSSES S. GRANT.

FOR VICE PRESIDENT,

SCHUYLER COLFAX.

VERMONT.

For Electors at Large-George W. Grandet, of Vergeories; H. Fairbanes, of St. Johnsbury. For Elector - Third District George Wit-KINS, of Stowe.

Speech of Ex-Secretary Stanton.

Hon. Edwin M. Stanton addressed Hon. Edwin M. Stanton, to the debt, he condensed the whole question into this paragraph: "The payment of principal and interest of any debt is hard after the money has been expended; but that furnishes no honest nation with an excuse for refusing payment, and a government which would undertake to deal with the creditors in that manner and for such reason. (Signed)

Emough now seems to be known who is to hold the reins of Government tor the next four years. Congratulate the President for this double victory. The diction having passed off quietly, with an obloodshed or not throughout the land, is a victory worth more to the land, is a victory worth more to the country than a lattle won. Rebeldom and Europe will consider it so.

(Signed)

U. S. Grant.

THE GENERAL CONVENTION .-The Free Press says that the general Convention of the Protestant Episcopal Church, which meets at Trinity Chapel in New York Oct. 7, will comprise a larger number of bishops, elergy, and laity than have ever assembled on similar occasions. The business which will be brought before it will include the erection of six or seven new dioceses and missionary jurisdictions; the election and perhaps consecration of several bishops; the re-adjustment of the code of canons to new phases of church growth and action; the various memorials touching vital points of faith, ritual, and discipline, which will be presented, the recasting of the whole foreign missionary work of the Church; the revision of the course of studies for candidates for holy orders, as prescribed by the House of Bishops; the division of new lines are directions for making the same of suncting humanity, send free to all who need it, the receipt and directions for making the simple remedy by which he was cured.—

With the most prevalent forms of rationalism.

Startling Revelation,—A face procured at Washington from a perfectly reliable source by Col. Hawkins, is at solutely startling in its revelation of the Southern situation. Six thousand one hundred and two persons have been murdered in the South since the close of the war for their Union sentiments. Few of the murderers have been brought to account, and fewer still have met with any punishment.

Political,

It is stated that John Minor Botts will speak before the close of the canvass for Grant and Colfax.

The following letter, read by Mr. Stanton in the course of one of his speeches in Ohio, the other day, sufficiently shows Gen. Grant's political powers and the course of one of his speeches in Ohio, the other day, sufficiently shows Gen. Grant's political powers as a financial power of the course of one of his speeches in Ohio, the other day, sufficiently shows Gen. Grant's political powers are a factor of the sufficient powers as a factor
